- Coladarci, Arthur, 60-61, 88, 208-10, 250, 266, 267
- Cowley, William, 37, 58, 75, 161, 238-39, 257
- DuBois, Cora, 29, 30, 34, 53, 87, 88, 125, 126, 255, 256
- Force, Roland, 270
- Frank, Lawrence, 110-17, 118, 124, 126, 145-50, 156, 157, 183, 184, 213-15, 238, 252, 258-60, 266, 294
- Gillin, John, 74, 76, 80, 122, 155, 183, 251, 264, 284, 285, 289, 293
- Hart, C. W. M., 37, 58, 59, 75, 76, 126, 154, 156, 157, 158, 161, 185, 212, 213, 249, 250, 265, 266
- Henry, Jules, 31, 55, 57, 59, 60, 61, 74, 210, 211, 251-52, 254, 279, 292, 293
- Keesing, Felix, 30, 50-52, 56, 75, 76, 77, 80-81, 123, 158, 159, 187, 210, 252, 253, 263, 264, 265
- Keesing, Marie, 268, 269
- Kimball, Solon, 35, 36, 37, 52, 85-87, 119, 120, 250, 281-89, 290, 293
- Kroeber, Alfred, 247-49, 250, 251, 260, 268
- Lee, Dorothy, 30, 31, 35, 59, 60, 74, 75, 77, 155, 181, 182, 186, 251
- Martin, William, 34, 53, 54, 150-54, 267, 292
- Mead, Margaret, 29, 32, 33, 34, 35, 36, 37, 58, 59, 74, 76, 118, 119, 120, 121, 125, 155, 156, 158, 159-60, 176-78, 179, 185, 186, 213, 254, 255, 256, 258, 263, 264, 267, 270, 271-78, 279, 280, 284, 290, 291, 292, 293, 294
- Quillen, James, 23-26, 35, 59, 60, 80, 106, 160, 161, 182, 183, 252, 256
- Shaftel, Fannie, 31, 76, 118, 178-81, 254, 264, 265, 266, 294
- Siegel, Bernard, 30, 36, 53, 54, 57, 121, 123, 124, 161, 162, 242-45, 285
- Spindler, George, 27-28, 31, 32, 35, 57, 58, 61, 77, 85, 87, 88, 238, 256, 260-63, 268, 270, 280, 281, 295
- Spindler, Louise, 269
- Taba, Hilda, 31, 33, 36, 54, 56, 57, 60, 77-79, 80, 106-10, 119, 120, 121, 125, 187, 211-12, 253, 254, 255, 263, 264, 265, 289, 290, 291, 293, 294-95
- Thomas, Lawrence, 53, 185, 187, 240-42
- Wax, Rose, 269, 270

SUBJECT INDEX

- Acculturation: model for analysis of educative process, 40-45; critique of, 51
- Administrators, educational, community role of, 69, 70, 72, 73
- Adolescent period in Western cultures, 148-50
- Adolescents, relations with parents, 79
- Affective learning, distinction from cognitive, 90
- American culture: additive learning of, 194; changes in, 25; as context of education, 13; core values of, 2; emphasis on hierarchy and order, 193; exploitation of polyphasic learning, 198, 199; heterogeneity of, 3; speed in cultural transmission, 201, 202
- Anthropological methods: intervention in situation, 255, 279, 280; minimizing bias, 275
- Anthropologist as teacher in educational context, 31, 32, 33
- Anthropologists: British, 8; degrees of commitment to change, 276, 277; frequency of citation by educators, 18; as interdisciplinary, 21; in professional education setting, 36, 37; role in education, 19, 20, 251, 252, 264, 265-69, 292, 293
- Anthropology: contribution to educational research, 12, 13; contribution to foundation fields of education, 10; contribution to general education, 6; hu-

- manistic aspect, 247; limitations on utility in education, 20; physical, 7; role in foundations of education, 11; role in teacher education, 30-33; as social science, 248; sporadic relationships to education, 29
- Applied anthropology and normative problems in education, 80, 81
- Audience for which conference intended, 27
- Awareness, cultural and personal, 277, 278
- Bicultural learner, in intercultural learning, 101, 102
- Bicultural learning situation, in intercultural understanding, 93, 94
- Ceremonialism in American education, 161
- Channels model, in analysis of educative process, 45-48
- Childhood education, 53, 118, 119, 136, 139, 151, 152, 154, 166 ff., 190 ff., 202, 203, 206
- Citizenship education: implications, 153; in primitive societies, *see* Postpubertal education
- Cognitive learning, in intercultural learning, 90 ff., 107, 108
- Collectivities: critique of relations, 51, 52; in educational and social communities, 42, 43
- Communication: additive and spiraling learning, 193-99; between anthropologists and educators, 212, 213; coding and decoding in teaching and learning, 213, 214; inadequacy of children's storage mechanisms, 202, 203; information model, 199, 200, 209; mono- and polyphasic learning, 196-98; "noise" in, 203, 204, 214, 215; problems in, between educators and anthropologists, 27; signals, 190, 191; target-seeking and diffuse learning, 190-92
- Communities in United States, diversity of, 63, 64, 72
- Concomitant learning, in intercultural understanding, 117
- Continuity and discontinuity: in education, 153; in Home Economics programs and family experience, 163, 164 ff.
- Cultural analysis in teacher education, 33
- Cultural awareness: development of, 35; goal in teacher education, 11, 32, 33
- Cultural change as factor in education, 25, 26
- Cultural dynamics: as contribution to education, 8; culture and personality relationship, 113. *See also* Cultural integration; Cultural process; Culture concept
- Cultural integration: 231-36; configuration, 233, 234; contradictions between real and ideal culture, 234; spatial dimensions, 232, 233; temporal dimension, 233
- Cultural learning, not necessarily painful, 34
- Cultural materials, intellectualization of, 35
- Cultural process: change, 254, 255; choices and limitations, 245, 246, 251, 252, 253; crisis, 226, 244, 246, 248; focus and change, 224, 243, 244; intelligence as factor in, 225; myth, 231; perennialist vs. progressivist, position on, 223, 224, 225; perspective on, 259, 260; philosophy of, 222-27; resistance to change, 266, 267; speed in culture change, 277; transformative view of, 235, 236
- Cultural relativism, 124, 125, 229, 230, 231
- Cultural transmission, 7, 8; in American schools, 38, 42, 43; complex interpretive expressive learning in, 195; and cultural change, 97, 98; cut-off points in, 195, 196; dualism in American society, 167, 168 ff.; in past- and future-oriented cultures, 192; problem of quantity, 199, 200, 209; and social change, 57; social class effect, 67; and social organization, 191, 192; unintended learning, 203-5. *See also* Communication
- Culture: changing of, in persons, 33; theory of, 217 ff., 243-45.
- Culture change: and intercultural learning, 95, 96; speed of, 125, 126; transposition in, 273, 274. *See also* Cultural process; Cultural transmission
- Culture concept: cliché tendency, 266; limitations of, 21; and philosophy, 243-45; problem of values, 227-31, 244, 248; shift toward, in education, 18, 266, 267; *sui generis* position, 219, 220, 221, 222, 225, 227, 243, 249, 250, 251: *See also* Cultural integration; Cultural process
- Cultures, styles of learning, 118, 119

- Curriculum in primitive education, 137, 138
- Discontinuities in learning, effect on intercultural learning, 102
- Dramatization in postpubertal education, 156. *See also* Postpubertal education
- Duration, as factor in learning intercultural understanding, 93
- Education: appraisal of, 25; classification of meanings, 238, 239; creative role of, 221; cross-cultural research in, 14; definition of, 91; desirable changes in behavior, 24, 25; general, 6; instrument of culture change, 223, 224, 225; for "life adjustment," 206; social role of, 23, 24
- Educational administration: awareness needed, 75, 76; cultural expectations for, 74; use of informal groups, 86, 87
- Educational anthropology, 5
- Educational community: autonomy of, 41; in Soviet Union, 55; structure of alignments in, 40, 41, 51, 52
- Educational method, 25. *See also* Communication; Cultural transmission
- Educational objectives, 2, 24
- Educational packages, 42, 43
- Educational reform, 68
- Educational sociology, 17, 23
- Educational structure, 239, 245, 254, 255
- Educative agencies, 2
- Educators: cults and fads, 277; as innovators, 254, 255
- Educators and anthropologists: as acculturating groups, 269; co-operation between, 270, 271; interaction in conference, 260-63, 264-70; as interdisciplinary, 273; selection of, 272
- Elmtown, 9
- Enculturation, timing in, 145, 146. *See also* Prepubertal education; Postpubertal education
- Ethnic groups, in school community, 43, 44
- Ethnography, as contribution to education, 8
- Family, in school community, 46, 47
- Family living, ideals and actuality, 166, 167 ff., in social studies programs, 184
- Feedback in acquiring cultural awareness, 34
- Food habits, anthropological approach to study of, 176, 177
- Foreign languages, study of, in learning intercultural understanding, 100, 101
- Foreign students, and intercultural learning, 102, 103
- Foreign study, and intercultural learning, 102, 103
- Formal organizations, as possible model for analysis of educative process, 41
- Foundation fields in education, 9, 10, 23 ff.
- Freudian influence, in analysis of primitive education, 139, 140
- General education, philosophical positions on, 232
- General Education Board, 29
- Hanover group, 29
- History, role in education-anthropology relationship, 274
- Home Economics, folklore of, 177
- Individual differences, and interpretation of the situation in education, 147, 148
- Inductive method, in natural history approach, 81, 82
- Informal organizations in school community, 52, 53
- Initiation ceremonies. *See* Postpubertal education
- In-service training of teachers, 30, 31
- Intelligence tests, "culture fair," 3
- Intercultural contacts, as context of intercultural learning, 95, 96
- Intercultural learning: adult education, 115, 116; aesthetic experiences involved, 115; analogical and digital learning of, 110, 111, 115; authoritarian personality in, 109, 110; communication of anthropological content, 116; crises in development of, 119, 120, 121; culture change and, 125, 126; ethos and goal values, 111, 112; flexibility and relearning, 273, 274; learning generalizations in, 108; maturational processes and, 114, 115; monocultural and bicultural learners, 109; personal relationships as factor in, 92, 93; phases of, 121, 122; problem of choices, 123, 124, 125; self and not-self, 112, 113; self-development and, 118; sequence in, 106, 107; supportive psychological climate necessary, 109
- International, as distinguished from intercultural, 89, 90, 110
- Jonesville, 9
- Language and patterning, 155
- Learning: analogical and digital, 214;

- crises in development of, 119; emotional and intellectual, 33, 34; open and closed targets, 211; passive role of child, 53; and unlearning, 122, 123. *See also* Communication; Cultural transmission; Models
- Learning and education, distinction between, 90
- Learning habits as behavior tendencies, 45, 46
- Learning periods in intercultural learning, 103
- Learning theory: assumptions, 209, 210; mono- and polyphasic learning, 196-98; and textbooks, 184. *See also* Communication
- Maturation, as a biological and psychological process, 113, 114
- Meta-linguistics, 14
- Middle-class values in Home Economics programs, 179, 180
- Minority groups as subcultures, 79
- Models: defense of formal use, 55; dichotomous categories of, 189, 208, 209; for information storage, 199, 200; for multiple learning, 211, 212; normative and descriptive, 55, 56; as static diagrams, critique of, 54, 55; use in interdisciplinary communication, 213, 273
- Monocultural learner in intercultural learning, 101
- Monocultural learning situation, in intercultural understanding, 94
- Negro education, 283, 284
- Negro teachers, 284, 288
- Negro-White relations, predictions and reality, 292. *See also* Segregation; South; Southern culture
- Parent-teacher associations: and community power structure, 70; middle-class rituals in, 79
- Parent-teacher relations, 44
- Patterning, cultural: in early childhood education, 151, 152; and variation in behavior, 155, 156
- Peer groups: questions concerning, 51; in school community, 45, 47; in school and social systems, 57-61
- Perception, as factor in selection of educational content, 48, 49
- Personality, adult, and childhood experience, 152
- Personality development, as sanctioned in Home Economics programs, 173, 174
- Philosophical foundations of education, 17, 216 ff.
- Philosophy: and anthropology, 216 ff.; classicist and experimentalist viewpoints, 241, 242; progressivism and reconstructionism, 220, 221, 223, 239; reconstructionism and cultural values, 229, 230, 244, 257, 258; task in education, 240, 241
- Philosophy of culture, 220, 221 ff.
- Physiological factors in early childhood education, 152
- Postpubertal education: atmosphere, 136, 137; curriculum, 137, 138; personnel, 132-36; regulation, 129-32
- Power structure: "little Joes," 79; in school community, 68, 70, 255, 256, 257, 258. *See also* Educational structure
- Prepubertal education: in American society, 146, 147; atmosphere, 136; personnel, 132-36; regulation, 129-32; uniformity in, 151
- Preschool education, in primitive societies, 139
- Primary to secondary group transition in intercultural learning, 99, 100
- Professional educators, shared values of, 43
- Race, study of, as contribution to education, 7
- Race relations, strategies in, 294, 295. *See also* Segregation
- Rite de passage: continuity with past experience, 153, 157, 158. *See also* Postpubertal education; Prepubertal education
- School: functions of, 2; as a social system, 13
- School board, in community power structure, 69
- School community and social community, 39 ff., 50, 51
- School in community, methods of studying, 83-85, 86
- School officials, as "gatekeepers," 47
- School systems, formal, 39 ff.
- Schooling, contrasts to education, 128
- Segregation: basic moral and social aspects, 282; consequences for Negro administrator, 294; in heterogeneous school communities, 67; history of issue, 282 ff.; Justice Cardozo, 282; methods of working against, 290, 291; reaction in South, 287, 288, 289; response of churches, 289, 292

- Self: concept of, as transmitted in Home Economics programs, 173-76; in cultural transmission, 195; elementary school development of, 118; and externality, 174, 175; and non-self, 92; realization of, as universal value, 230; and relation to expanding world, 98; and symbols in intercultural learning, 99, 100
- Self-awareness, as goal in teacher education, 32
- Self image, in adolescence, 148, 149
- Social class, 9; factor in differential culture transmission, 78, 79; identification of school teachers, 66; status movement, 76, 77; upward mobility and Home Economics instruction, 180, 181
- Social foundations: cultural awareness as objective, 32; use of anthropological material in, 10, 11, 26
- Social institutions: competition between, 58, 59, 157, 158, 161
