## **PARENT VOICES for SCHOOL CHOICES**

### **WHAT WE STAND FOR**

We are Harlem parents who are committed to true and transformative education reform. For this to happen, we know that:

1. Parents need school choices.
2. Educational excellence requires not only high-performing schools, but parent collective action in the reform movement.

### **OUR MISSION**

1. Protect and advocate for school choices
2. Help create new choices
3. Educate other parents that choices exist
4. Organize parents to further education reform goals
5. Ensure that parents – the real stakeholders in public education – have a united voice.
