

A face covering is optional for vaccinated individuals while indoors in the following circumstances:

- It is optional for an instructor to wear a face covering within the classroom setting, but the instructor should practice social distancing when possible.
- It is optional for all faculty and staff to wear a face covering when working at their desks or within the confines of their private offices.
- At the discretion of the parties attending the meeting, it is optional to wear a face covering when conducting meetings within a conference room or private office.
- It is optional to wear a face covering within a residential unit.
- It is optional to wear a face covering when actively eating ... anywhere within campus.
