General Education Board, 29
Hanover group, 29
History, role in education-antropology relationship, 274
Home Economics, folklore of, 177
Individual differences, and interpretation of the situation in education, 147, 148
Inductive method, in natural history approach, 81, 82
Informal organizations in school community, 52, 53
Initiation ceremonies. See Postbureaucratic education
In-service training of teachers, 30, 31
Intelligence tests, "culture fair," 3
Intercultural contacts, as context of intercultural learning, 95, 96
Intercultural learning: adult education, 115, 116; aesthetic experiences involved, 115; analogical and digital learning of, 110, 111, 115; authoritarian personality in, 109, 110; communication of anthropological content, 116; crises in development of, 119, 120, 121; culture change and, 125, 126; ethos and goal values, 111, 112; flexibility and re-learning, 273, 274; learning generalizations in, 108; maturation and success in, 110, 115; monocultural and bicultural learners, 109; personal relationships as factor in, 92, 93; glasses of, 121, 122; problem of choices, 123, 124, 125; self and not-self, 112, 113; self-development and, 118; sequence in, 106, 107; supportive psychological climate necessary, 109
Intercultural consciousness, as distinguished from intercultural learning, 89, 90, 110
Jonesville, 9
Language and pattering, 155
Learning: analogical and digital, 214; crises in development of, 119; emotional and intellectual, 33, 34; open and closed tasks, 211; passive role of child, 53; and unlearning, 122, 123. See also Communication: Cultural transmission; Models
Learning and education, distinction between, 90
Learning habits as behavior tendencies, 45, 46
Learning periods in intercultural learning, 103
Learning theory: assumptions, 209, 210; mono- and polyphasic learning, 196-98; and textbooks, 184. See also Communication
Maturation, as a biological and psychological process, 113, 114
Meta-linguistics, 14
Middle-class values in Home Economics programs, 179, 180
Minority groups as subcultures, 79
Models: defense of formal use, 55; dichotomous categories of, 180, 208, 209; for information storage, 199, 200; for multiple learning, 211, 212; normative and descriptive, 55, 56; as static diagrams, critique of, 54, 55; use in interdisciplinary communication, 213, 273
Monocultural learner in intercultural learning, 101
Monocultural learning situations, in intercultural understanding, 94
Negro education, 283, 284
Negro teachers, 284, 288
Negro-White relations, predictions and reality, 290
Parent-child relationships, 44
Parent-teacher associations: and community power structure, 70; middle-class rituals in, 79
Parent-teacher relations, 44
Patterning, cultural, in educative education, 151, 152; and variation in behavior, 118; sequences in, 106, 107; supportive psychological climate necessary, 109
Perceptual consciousness, as distinguished from intercultural learning, 89, 90, 110
Perception, as factor in selection of educational content, 48, 49
Personality, adult, and childhood experience, 152
Personality development, as sanctioned in Home Economics programs, 173, 174
Philosophical foundations of education, 17, 216 ff.
Philosophy and anthropology, 216 ff.; classicist and experimentalist viewpoints, 241, 242; progressivism and reconstructionism, 220, 221, 223, 230; reconstructionism and cultural values, 239, 240, 244, 257, 258; task in education, 240, 241
Philosophy of culture, 220, 221 ff.
Physiological factors in early childhood education, 152
Postbureaucratic education: atmosphere, 136, 137; curriculum, 137, 138; personnel, 135-36; regulation, 130-32
Power structure: "little Joes," 79; in school community, 66, 70, 255, 256, 257, 258. See also Educational structure
Prebureaucratic education: in American society, 146, 147; atmosphere, 136; personnel, 136-37; regulation, 129-30; uniformity in, 151
Preschool education, in primitive societies, 159
Primary to secondary group transition in intercultural learning, 93, 100
Professional educators, shared values of, 43
Race, study of, as contribution to education, 7
Race relations, strategies in, 294, 295
Rise of passage: continuity with past experience, 153, 157, 158. See also Postbureaucratic education
Race relations, strategies in
Rise of passage: continuity with past experience
School: functions of, 2; as a social system, 13
School board, in community power structure, 69
School community and social community, 39 ff., 50, 51
School in community, methods of studying, 83-85, 86
School officials, as "gatekeepers," 47
School systems, formal, 39 ff.
Schooling, contrasts to education, 128
