Once there were two women ♥ who never knew each other ♥. One you do not remember ♥ the other you call Mother ♥. Two different lives ♥ ♥ shaped to make you one ♥. One became your guiding star ★ The other became your sun ● The first one gave you life ♥ and the second taught you to live it ♥. The first gave you a need for love ♥. The second was there to give it ♥. One gave you a nationality ♥. The other gave you a name ♥. One gave you a talent ♥. The other gave you aaim ♥. One gave you emotions ♥. The other calmed your fears ♥. One sought for you a home that she could not provide ♥. The other prayed for a child and her hope was not denied ♥. And now you ask me through your tears - the age-old question - unanswered through the years = Heredity or environment = Which are you a product of? ♥. Neither, my darling, neither...Just two different kinds of love. ♥
